

Items needed to be disclosed to participants

Release Date: July 1, 2020

Expiration Date: June 30, 2021

This activity offers CE credit for:

- a. Physicians (CME)

All other clinicians will receive a Certificate of Attendance stating this activity was certified for *AMA PRA Category 1 Credit™*.

Statement of Need

Multiple forms of risk exist within a physician's practice life. Adaptrack helps address clinical risk, administrative risk and personal risk of a physician. This is accomplished via an awareness engine that creates nudges that are pushed to a physician based on his or her needs. By engaging with these nudges, the physician will learn ways to reduce these risks in conveniently designated times throughout the day. Adaptrack surfaces certain blind spots that exist within a physician's day and gives him/her the opportunity to learn and adapt. The physician can reflect on these leanings and Adaptrack will help track the relative risk reduction and behavioral modifications on a go forward basis.

Learning Objectives

At the end of this CME activity, participants should be able to:

- Identify practice blind spots that may lead to risk and liability claims
- Drive awareness of a physician's personal balance to reduce burnout

Target Audience

Physicians

Credit Information

CME Credit (Physicians)

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of CME Outfitters, LLC and Adaptrack Platform Inc.
